Hi Abe,

I hope all is well with you. I have rescheduled the locations from today to tomorrow. All of tomorrow's locations are very important, and I know we are limited to spot cleaning but two of the locations keep causing a lot of issues: They are next to one another, one is Victory and Vineland in front of the CVS: 10945 Victory Blvd.

The other is ON Vineland/Victory Blvd. it is next to the Target but on Vineland. There are a few encampments that continue to grow.

Best,

Tiffany Zeytounian | Field Deputy

Hey Tiffany,

I know today there were two locations put at the end of today's list requesting to be completed. Unfortunately, I spoke with the team, they got caught up again with the large Tujunga location as well as all the RVs they had to approach to ask if they wanted pump out services or not.

If those locations are still high priority, can we schedule it for tomorrow or next week? I always recommend high priority locations be placed at the top of the list to ensure the team will have time to address it. Also, Thursdays are usually even more difficult because the team has additional tasks with the RV

Program.

Let me know when is the next convenient date to address those locations.

I apologize for any inconveniences.

Best regards,

Abraham Abrahamian
